

# COOPERATION AGREEMENT

between

State Budget Institution of Higher Professional Education of Moscow

“Moscow State University of Psychology and Education” (Russia, Moscow)

and \_\_\_\_\_ (country, city)

State Budget Institution of Higher Professional Education of Moscow “Moscow State University of Psychology and Education” represented by prof. V.V. Rubtsov, University rector, acting on the basis of the University Charter, and \_\_\_\_\_, represented by \_\_\_\_\_, acting on the basis of the Charter, hereafter together referred to as “The Parties”, with the aim of development and promotion of scientific and educational cooperation, have agreed as follows:

## Article 1

The Parties have agreed to develop cooperation in the following directions:

- 1 – conducting joint scientific research projects in the field of psychology and psycho-pedagogical education with the following publications in specialized editions;
- 2 – cooperation in the framework of launching and implementation of joint Master’s programs;
- 3 – development of international academic mobility: exchange of academic staff and students (delivering lectures and seminars, advanced training, probations);
- 4 – development of partner contacts and organization of joint scientific events: seminars, conferences, symposia;
- 5 – cooperation in the field of informational and publishing activity (publication of scientific and science-to-practice periodicals, monographs, collections of abstracts, disposal of actual information on the specialized resources of the both Parties).

The main directions of cooperation are psychology and psycho-pedagogical education.

## Article 2

For implementation of the Agreement the Parties elaborate together a program on one or several of the above-listed directions (article 1).

Each Party appoints a coordinator for control and implementation of cooperation in the framework of the Agreement.

## Article 3

Annually by mutual consent the Parties determine the number of professors, other members of staff and students, participating in academic exchange and the duration of their business trips (probation periods).

The order and the conditions of exchange are regulated by the Parties by means of supplementary agreement to this Agreement.

#### **Article 4**

The Agreement does not impose any financial obligations on the Parties.

In order to contribute to the intentions of the Agreement the Parties can sign other agreements and contracts, including those that impose financial obligations.

#### **Article 5**

The Agreement is initiated from the moment of being signed by both Parties and is valid for 5 years. Either Party may terminate this Agreement with a notice period of three months.

The Articles of the Agreement may be changed by mutual consent of both Parties by means of signing supplementary agreement to this Agreement.

#### **Article 6**

This Agreement is made in four copies being equally authentic: two in the Russian language and two in the English language (two copies in each language for each Party).
